STOCK LIST 2018

Thermal Transfer Labels

Direct Thermal Labels

Mobile Printer Labels

A4 sheet labels

SMALL VOLUMES. LOW PRICES. QUICK DELIVERY.

TT RANGE (4P, 5P & 8P)

Our **TT range of stock labels** are produced using premium A-Grade Semi-Gloss material suitable for **Thermal Transfer printing (ribbon required)**. The coated surface gives excellent print reproduction when used in combination with a suitable ribbon (please ask for a ribbon quote if required).

These are produced with a Permanent adhesive which has a good temperature range as outlined below. With a good initial tack these are suitable for use in a wide range of applications and environments. For advice on suitability please call and speak to a member of staff.

Roll Specifications:

“4P” has:	“5P” has:	“8P” has:
25mm core	25mm core	76mm core
100mm roll diameter	127mm roll diameter	203mm roll diameter
Outside Wound	Outside Wound	Outside Wound
Permanent adhesive	Permanent adhesive	Permanent adhesive
Fits most desktop printers	Fits most desktop printers	For Industrial printers

Material Specification

Face / Label Material	
General characteristics	White coated, calendared, woodfree paper.
Grammage (gr/m2)	80
Calliper (µm)	65
Dry opacity (%)	88
Adhesive	
General characteristics	Permanent acrylic water based adhesive. Good adhesion to a wide variety of substrates, including non-polar surfaces. The adhesive conforms with the Bfr XIV regulations for direct contact with dry and moist non-fatty foodstuffs .
Labelling temperature (°C)	>5°C
Usage temperature (°C)	-35°C/+60°C
Liner	
General description	Supercalendered glassine paper
Grammage (gr/m2)	60

Compatible Printers

We have a wide knowledge base of printers and are able to advise what spec of roll will be suitable for your printer. By simply telling us your printer model we will be able to advise what range is the right specification to fit your printer. Some of the most common types of printers which are compatible with our lists are; Citizen, Datamax, Intermec, Sato, Toshiba TEC, TSC, Zebra, and many more.....

Items ending **“-PERF”** are the same specification as the rest of the range but these include a perforation between every label.

A4 Laser Labels

Our sheeted labels are produced using a Plain Matt paper suitable for Laser, Inkjet and Copier printing.

All have 500 A4 sheets per box regardless of how many labels per sheet.

They can be used in most sheet-fed printers.

If you want to check compatibility, please just ask for material samples.

Please ask for full details and MORE SIZES AT THE STOCK RANGE PRICE

Ask about: Coloured paper labels in red, orange, green, blue, pink or yellow by the box

OR even gold, silver, bronze or fluorescent labels by the box as well.

We also have a wide range of polyesters, polypropylenes, removable, destructible, clear and many other options.

NOTE: Carriage is charged at £9.00 per shipment to a single standard UK mainland postcode.

OR FOC with 10 or more boxes

* CD1 labels quoted above have option for different inner diameter hole size. Please ask when ordering!

What else do we do?

GHS Stage 2 & 3 labels **compliant** on rolls for your Epson 3500, 7500 or GPC831 printer, or Zebra Industrial or sheets for your (approved) laser printer.

(BS5609 Stage 3 requires ink pre-approval to make sure it is fully licensed in your machine! We have a range of pre-approved options at a massive reduction when compared to original manufacturer branded options.

- Full Colour printed labels
 - Digital Printed short run labels
 - Any shape label for trials – no tool charge!
 - Bespoke printed labels and tags
 - Thermal Transfer Ribbons for most machines
- Own-brand labels for Epson 3400, 3500 & GPC831
- Own-brand labels for all major thermal printers
 - Epson 3500 & 831 original inks from stock
 - Zebra compatible labels – off the shelf
 - Free advice

We don't make printers. We make labels. We will give you an honest opinion on best value.

If you have a printer, then you buy labels. We care about the labels and your satisfaction.
